Civil Construction Experienced Supervisors, Estimators, Foreman, Project Managers, Managers...

If you have experience in one of these roles but no formal 'piece of paper' to prove it, then this course is for you. Complete this course to secure your future employment in these roles with the major civil companies within Australia or help you to gain work in many different industries as a Supervisor or Manager eg. oil and gas, coal seam gas, mining, building construction, and other industries.... This civil qualification is often the entry requirement for you to work overseas on major civil, oil and gas, coal seam gas projects eg. Kazakhstan, China, Laos, Middle East... Gaining 2 qualifications doubles your employment and promotion opportunities and shows future employers that you are serious about your career.

"I found the support processes fantastic. I felt I developed work skills by having to seek answers from alternative sources, and personally grew from the Time Management aspects of the course. Those without formal qualifications but with hands on experience would benefit from doing the Diploma of Civil Construction Management."
