## Who is this course for?

Whether you are a current internal or external Auditor, Internal Compliance Officer, Risk Officer or you are looking for a career change this course will provide you with the skills needed to take the next step in your career. Additionally, you will be developing practical project management skills and learning how to manage the overall project, bringing it in on time and under budget!

## Where can this course take you?

There are so many opportunities open to you including a significant need for more monitoring of Aged Care, NDIS, and government-funded projects. Completing your Diploma of Project Management will also give you project management letters after your name and practical project management skills and techniques that are recognised and valued Australia wide and internationally.

You will learn how to manage complex projects based on the international Project Management Body of Knowledge PMBOK.

View our Career Pathways guide to see how you can use your experience to gain qualifications and progress your career.

> *"Course content was useful for my position and had practical activities that were relevant to my workplace. The best aspect of the course was the review and process for updates and further integration. It developed on my current knowledge and gave a deeper understanding for process and regulations."*
